

CONDUCT OF STUDENTS ON BUS

Students are expected to conduct themselves in an orderly manner while on the bus, and to follow the directions of the bus driver. The bus driver shall report any misconduct to the principal, and a student may be declared ineligible for transportation services if disruptive/unsafe behavior continues. (See Claiborne County Bus Safety Policy in back of handbook).

Students are not allowed to ride a bus other than the assigned one, or to get off at a different house unless a written, date-specific request has been received from the parent and approved by the principal.
