1 The Attorney General of Tennessee states that "a school has the authority to confiscate a cell phone when  
2 the cell phone has been determined to be an unauthorized item in the school rules." The disciplinary  
3 action is cumulative so that repeat or persistent violations of the policy result in enhanced disciplinary  
4 action. Further, a student's due process rights are ensured with notification of the cell phone policy.  
5

6 Students may possess personal communications devices, such as cell phones, while on school property.  
7 However, the personal communication devices must be in the "off" mode and be kept in a backpack,  
8 purse, or similar personal carry-all and may not be used during school hours. The principal or their  
9 designee may grant a student permission to use a personal communication device at his/her discretion.  
10 A device used outside these parameters shall result in confiscation of the device until such time as it  
11 may be released to the student's parent or guardian. A student in violation of this policy is subject to  
12 disciplinary action.
